

Lawful Remedy Chat,

The Declaration of Independence was a legal, not lawful, document.

It was signed on both sides by representatives of the Crown Temple. Legally, it announced the status quo of the Crown Colonies to that of the new legal name called "States" as direct possessive estates of the Crown.

The American people were hoodwinked into thinking they were declaring lawful independence from the Crown. Proof that the Colonies are still in Crown possession is the use of the word "State" to signify a "legal estate of possession." Had this been a document of and by the people, both the Declaration of Independence and the U.S. Constitution would have been written using the word "states."

By the use of "State," the significance of a government of estate possession was legally established. All of the North American States are Crown Templar possessions through their legal document, signed by their representation of both parties to the contract, known as the Constitution of the United States of America.

All "Constitutional Rights" in America are simply those dictated by the Crown Temple and enforced by the Middle Inn Templars (Bar Attorneys) through their franchise and corporate government entity, the federal United States Government.

When a "State Citizen" attempts to invoke his "constitutional", natural, or common law "rights" in Chancery (equity courts), he is told they don't apply. Why? Simply because a State citizen has no rights outside of the Rule and Codes of Crown "law." Only a state citizen has natural and common law rights by the paramount authority of God's Law.

The people who comprise the citizenry of a state are recognized only within natural and common law as is already established by God's Law. Only a State Citizen can be a party to an action within a State Court. A common state citizen cannot be recognized in that court because he doesn't legally exist in Crown Chancery Courts. In order to be recognized in their State Courts, the common man must be converted to that of a corporate or legal entity (a legal fiction).

Now you know why they create such an entity using all capital letters within Birth Certificates issued by the State.

They convert the common lawful man of God into a fictional legal entity subject to Administration by State Rules, Orders and Codes (there is no “law” within any Rule or Code). Of course, Rules, Codes, etc. do not apply to the lawful common man of God, so the man with inherent Godly law and rights must be converted into a legal “Person” of fictional “status” (another legal term) in order for their legal – but completely unlawful – State Judiciary (Chancery Courts) to have authority over him.

Chancery Courts are tribunal courts where the decisions of “justice” are decided by 3 “judges.” This is a direct result of the Crown Temple having invoked their Rule and Code over all judicial courts.

The Crown Temple was granted Letters Patent and Charters for all the land (Colonies) of New England by the King of England, a sworn member of the Middle Temple (as the Queen is now). Since the people were giving the patent/charter corporations and Colonial Governors such a hard time, especially concerning Crown taxation, a scheme was devised to allow the Americans to believe they were being granted “independence.” Remember, the Crown Templars represented both parties to the 1776 Declaration of Independence; and, as we are about to see, the latter 1787 U.S. Constitution.

To have this “Declaration” recognized by international treaty law, and in order to establish the new legal Crown entity of the incorporated United States, Middle Templar King George III agreed to the Treaty of Paris on September 3, 1783, “between the Crown of Great Britain and the said United States.” The Crown of Great Britain legally was, then and now, the Crown Temple. This formally gave international recognition to the corporate “United States”, the new Crown Temple States (Colonies).

Most important is to know who the actual signatories to the Treaty of Paris were. Take particular note to the abbreviation “Esqr.

” following their names as this legally signifies “Officers of the King’s Courts”, which we now know were Templar Courts or Crown Courts. This is the same Crown Templar Title given to Alexander Hamilton.

The Crown was represented in signature by “David Hartley, Esqr.”, a Middle Templar of the King’s Court. Representing the United States (a Crown franchise) by signature was “John Adams, Esqr”, “Benjamin Franklin, Esqr.” and “John Jay, Esqr.” The signatories for the “United States” were also Middle Templars of the King’s Court through Bar Association membership. What is plainly written in history proves, once again, that the Crown Temple was representing both parties to the agreement.

It becomes even more obvious when you read Article 5, which states in part, “to provide for the Restitution of all Estates, Rights, and Properties which have been confiscated, belonging to real British Subjects.”

The Crown Colonies were granted to “persons” and corporations of the Crown Temple through Letters Patent and Charters, and the North American Colonial land was owned by the Crown.

All Bar Association licensed Attorneys must keep the terms of their oath to the Crown Temple in order to be accepted or “called to Bar” at any of the King’s Inns. Their oath, pledge, and terms of allegiance are made to the Crown Temple.

It’s a real eye opener to know that the Middle Inn of the Crown Temple has publicly acknowledged there were at least five Templar Bar Attornies, under solemn oath only to the Crown, who signed what was alleged to be an American Declaration of Independence.

This simply means that both parties to the Declaration agreement were of the same origin, the Crown Temple. It’s merely a worthless piece of paper with no lawful authority when both sides to any agreement are actually the same.

In reality, the American Declaration of Independence was nothing more than an internal memo of the Crown Temple made among its private members.

By example, Alexander Hamilton was one of those numerous Crown Templars who was called to their Bar. In 1774, he entered King’s College in New York City, which was funded by members of the London King’s Inns, now named Columbia University. In 1777, he became a personal aide and private secretary to George Washington during the American Revolution.

In 1782, Hamilton began studying law in Albany, New York, and within six months had completed a three-year course of studies, passed his examinations, and was admitted to the New York Bar. Of course, the New York Bar Association was/ is a franchise of the Crown Temple through the Middle Inn. After a year’s service in Congress during the 1782-1783 session, he settled down to legal practice in New York City as Alexander Hamilton, Esquire.

In February of 1784, Hamilton wrote the charter for, and became a founding member of, the Bank of New York, the State’s first bank. He secured a place on the New York delegation to the Federal Convention of 1787 at Philadelphia. In a five-hour speech on June 18th, he stated “an Executive for life will be an elective Monarch.” When all his anti-Federalist New York colleagues withdrew from the

Convention in protest, he alone signed the Constitution for the United States of America representing New York State, one of the legal Crown States (Colonies).

One should particularly notice that a lawful state is made up of the people, but a State is a legal entity of the Crown – a Crown Colony. This is an example of the deceptive ways the Crown Temple – Middle Templars – have taken control of America since the beginning of our settlements.

Later, as President Washington's U.S. Treasury Secretary, Hamilton laid the foundation of the first Federal U.S. Central Bank, secured credit loans through Crown banks in France and the Netherlands, and increased the power of the Federal Government over the hoodwinked nation-states of the Union.

Hamilton had never made a secret of the fact that he admired the government and fiscal policies of Great Britain.

Americans were fooled into believing that the legal Crown Colonies comprising New England were independent nation states, but they never were, nor are they today. They were and still are Colonies of the Crown Temple, through letters patent and charters, who have no legal authority to be independent from the Rule and Order of the Crown Temple.

A legal State is a Crown Temple Colony.

Neither the American people nor the Queen of Britain own America. The Crown Temple owns America through the deception of those who have sworn their allegiance by oath to the Middle Templar Bar.

The Crown Bankers and their Middle Templar Attornies rule America through unlawful contracts, unlawful taxes, and contract documents of false equity through debt deceit, all strictly enforced by their completely unlawful, but "legal", Orders, Rules and Codes of the Crown Temple Courts, our so-called "judiciary" in America.

This is because the Crown Temple holds the land titles and estate deeds to all of North America.

WHAT HAPPENED IN 1776?

1776 is the year that will truly live in infamy for all Americans. It is the year that the Crown Colonies became legal Crown States.
