

The Black Nobility /Papal Bloodlines.

The Real Families, who from behind the scenes, control the World through Religion, Finance, Property, Land, and through control and manipulation of the Markets of the World are the Black Nobility /Papal Bloodlines. Not the Rockefellers or the Rothschilds or the Bush/Clinton Regime, those are all lower on the totem pole subservient to the papal bloodlines of the jesuits/black nobility.

The Black Nobility/Papal Bloodlines are the founders of the secret society of our day from which all the others that are connected to and originated from — the Committee of 300, The Club of Rome, the C.F.R., the R.I.I.A., the Bilderbergers, the Round Table... all originate from the Committee of 300 and therefore from the European Black Nobility families.

The Black Nobility use the mafia as their enforcers to keep the other secret societies in line. They also blackmail initiated members to make it difficult to get out or to speak out against them. The mafia refer to the code of silence as omerta. A common theme among initiates of secret societies is the "Shhh" symbol. The most effective way to deal with the secret societies is by first shutting down the mafia.

The Black Nobility earned its title through dirty tricks, so when the population revolted against the monopolies in government, as anywhere else (aren't we), the leaders of the uprising were quickly seized and brutally hanged. The Black Nobility uses secret assassinations, murder, blackmail, the bankrupting of opposing citizens or companies, kidnapping, rape and so on...

The Black Nobility is the most ruthless organization on the planet and they are seeking complete human enslavement and global domination. They work closely with the other royal families and they are all unified in their plot for take over while they use the tactic of divide and conquer and the illusion of compartmentalization. The Black Nobility own and run the Vatican, SMOM, Jesuits, KOC, and La Cosa Nostra. They are not all powerful and they must be dealt with. When they are exposed and resisted without fear they are the ones that tremble in fear.

The "Black Nobility" are/were the oligarchic families of Venice and Genoa, Italy, who in the 12th century held the privileged trading rights (monopolies). The first of three crusades, from 1063 to 1123, established the power of the Venetian Black Nobility and solidified the power of the wealthy ruling class.

The Black Nobility aristocracy achieved complete control over Venice in 1171, when the appointment of the Doge was transferred to what was known as the Great Council, which consisted

of members of the commercial aristocracy (among them the infamous de'Medici family). Venice has remained in their hands ever since, but the power and influence of the Venetian Black Nobility extends far beyond its borders, and today it is felt in every corner of the globe. (Don't forget, our modern banking system originated in Italy.)

In 1204 the oligarchic family parceled out feudal enclaves to their members, and from this epoch dates the great building-up of power and pressure until the government became a closed corporation (don't we know this from somewhere?) of the leading Black Nobility families. More of this can be found in the works of Dr. John Coleman, *Black Nobility Unmasked World-wide*, 1985; *Conspirators' Hierarchy: The Story of the Committee of 300*, 1992. The Black Nobility earned its title through dirty tricks, so when the population revolted against the monopolies in government, as anywhere else (aren't we), the leaders of the uprising were quickly seized and brutally hanged. The Black Nobility uses secret assassinations, murder, blackmail, the bankrupting of opposing citizens or companies, kidnapping, rape and so on... hence their name.

The most important families in relation to the Black Nobility are:

House of Bernadotte, Sweden

House of Bourbon, France

House of Braganza, Portugal

House of Grimaldi, Monaco

House of Guelph, Britain (the most important one aka. Orsini)

House of Habsburg, Austria

House of Hanover, Germany (the second most important one)

House of Hohenzollern, Germany

House of Karadjordjevic, Yugoslavia (former)

House of Liechtenstein, Liechtenstein

House of Nassau, Luxembourg

House of Oldenburg, Denmark

House of Orange, Netherlands

House of Savoy, Italy

House of Wettin, Belgium

House of Wittelsbach, Germany

House of Württemberg, Germany

House of Zogu, Albania

The Windsor family tree

All the families listed are connected with the House of Guelph, one of the original Black Nobility families of Venice, from which the House of Windsor and thus the present Queen of England, Elizabeth II, descends. The Guelphs are so intertwined with the German aristocracy through the

House of Hanover that it would take several pages to mention all their connections. All (almost) European royal houses originate from the House of Hanover and thus from the House of Guelph — the Black Nobility.

An example: The Hanoverian British King George I came from the Duchy of Luneburg, a part of Northern Germany, which had been governed by the Guelph family since the 12th century. Today the Guelphs (the Windsors) rule by dominating the raw materials market, and for years they have fixed the price of gold (a commodity they neither produce nor own). The House of Windsor also controls the price of copper, zinc, lead and tin. It is no accident that the principle commodity exchanges are located in London, England. Companies run by Black Nobility families are British Petroleum, Oppenheimer, Lonrho, Philbro and many many more.

Another Black Nobility family are the Grosvenors in England. For centuries this family lived, as most of the European families, on ground rent. Today the family owns at least 300 acres of land in the centre of London. The land is never sold, but leased on a 99 year leasehold agreement — the ground rent of the middle ages.

Grosvenor Square, in which the American Embassy is located, belongs to the Grosvenor family, as does Eaton Square. In Eaton Square apartments are rented out at 25,000 to 75,000 pounds a month (and that does not include maintenance costs) This is to give you an idea of the immense wealth the Black Nobility families garner from ground rents, and why families like the Windsors are not at all interested in industrial progress along with the excess population it supports.

This is the main reason why these 'noble' families are behind most, if not all, of the wrong-headed pro-environmental movements of the world that ultimately and covertly (of course) aim to curb population growth. Prince Philip and Prince Charles are the most visible symbols of these movements, and both have often spoken with the utmost callousness about the need to rid the world of unwanted people. The Club of Rome, the C.F.R., the R.I.I.A., the Bilderbergers, the Round Table... all originate from the Committee of 300 and therefore from the European Black Nobility families.

Co-operating with the European Black Nobility are American families like the Harrimans and the McGeorge Bundys. The House of Hanover seems to be German, but is Jewish. So is the House of Habsburg.

The TRUE leaders of the WORLD: Black Nobility/Papal Bloodlines.

The "New World Order" is an attempt at a fascist take over of society for the purpose of total enslavement of humanity. Fascism means a centralization of power. At the head of this criminal agenda are the royals and nobles. The New World Order is a bloodline conspiracy at the top. They are ancient evil bloodlines that build and destroy empires for control through order out of chaos. The royal and noble houses are corporate entities and they claim to rule and own land, resources, and people. They authorize and finance bankers and businessmen to work for them through their corporate households. They authorize and issue the creation of laws, agencies, militaries, businesses, and universities. They create and run religions and secret societies. They also finance and own organized crime syndicates like they are business enterprises. Some top royal bloodlines include the Savoy, Bourbon, Medici, Glucksburg, Wittelsbach, Nassau-Weilberg, Saxe-Coburg and Gotha, Romanov, Grimaldi, Orleans, Braganza, Habsburg, Hanover, Windsor, Saud, Thani, Khalifa, Alouwite, Hohenzollern, Orange-Nassau, Bonaparte, and Bernadotte families. Many royal bloodlines

still rule their nations as heads of state like in the United Kingdom, Belgium, Netherlands, Denmark, Monaco, Spain, Saudi Arabia, Bahrain, Morocco, Sweden, Norway, and Luxembourg. The Vatican City State is also a kingdom with the Pope of Rome as its monarch.

The Black Nobility are the ancient bloodlines of the Papal States and they own and run the Holy See and Vatican. Black Nobility are considered sovereign princes. The Vatican is used as the centralized point of control and is one of the oldest continual corporate entities in existence. The Holy See is the "All Seeing Eye" and operates as an intelligence network which then works with intelligence agencies like the CIA, NSA, and MI6 to enhance their intelligence system. The Latin phrase Novus Ordo Seclorum means New Order of the Ages and is on the US dollar bill and US Great Seal. The Vatican uses Latin as an official language and for documents. America is named after Amerigo Vespucci and he was working for the Medici family of Florence and Rome. America is named after Amerigo Vespucci and he was working for the Medici family of Florence and Rome. Vespucci created the term New World for America. Corporations are fraudulent constructs because they are considered a person with rights under law and because owners and controllers of corporations are enabled to bypass accountability for any crimes committed by the corporation. Corporations are not people and therefore cannot have rights. Corporations are also monopolies that use subsidiaries to conceal their dominance over industries. Corporations should not exist.

The Holy See is a corporate entity which issues laws and bills like the Golden Bull which claims ownership over the Kingdom of England. The Pope claims temporal power or ownership over the Earth and also claims Papal Supremacy or Papal Rule and Papal Infallibility. Archbishops are the overseers in society within their districts and they watch over politics, business, police, and organized crime. The European Monarchies function like extensions of Rome and they manage secret societies which infiltrate government agencies and run corporations for the monarchs. The Sovereign Military Order of Malta is the top military council and it works closely with the Orders of St. John run by Protestant royalty like the Windsors and Hohenzollerns. The royal and noble bloodlines are all working together as a global crime syndicate and part of a modernized Roman-Corporate Empire. They also have competing factions creating the illusion of division. The British Crown and the Scottish nobles like the Bruce, Stewart, Sinclair, Montagu, Scott, Percy, and Sutherland families manage Freemasonry. There are thousands of masonic lodges in the United States. Freemasonry should be outlawed.

The "white pope" or Jorge Mario Bergoglio (Figure Head of Catholic Church in which we see in the Vatican is just another figurehead and has no real power himself compared to the black and grey popes. Pepe Orsini is the grey pope, which is the Most Powerful Man in the world that controls the white and black popes. The Black Pope is Adolfo Nicolas which is the (Superior General of the Society of Jesus or Jesuits) is under the grey pope but above the white pope. THE TRUE RULERS OF THIS WORLD ARE The Black Nobility and Papal Bloodlines WHICH CONSIST OF the following families and subfamilies.
